"*First*: — One-half of the net income of such residue and remainder to be applied by the Trustees of the Public Library of the City of Boston for the purchase of books, maps and other library material of permanent value and benefit for said Library; meaning and intending hereby that such income shall be applied for books desirable for scholarly research and use . . .

". . . It is my desire that . . . the income given by the Twelfth Clause of my will for the purchase of books, maps and other library material of permanent value and benefit, shall be in addition to the sums appropriated by the City for the maintenance of the Boston Public Library, and that the same shall not be taken into account in any appropriation by the City for that purpose.

"I, therefore, hereby provide that . . . such income as is given by the Twelfth Clause of my will for the purchase of books . . . shall be applied for those purposes only in years when the City appropriates for the maintenance of the Boston Public Library at least three per cent (3 per cent) of the amount available for department expenses from taxes and income in said City.

And then I DIRECT such total sum of two million dollars ($2,000,000) to be applied to the enlargement of the present central library building in Boston, or to the construction of another central library building in such part of the City as may be then most desirable for the accommodation of the people of said City; such new building to be constructed under the advice of the Librarian of the Library at that time in such manner as may be most desirable for efficient practical working of a library therein."
